

Who we Are?

We are humbly serving towards leadership development initiatives, as a college established with a vision to provide an international standard and practical trainings in different fields of knowledge and skills, we aim to equip the young men and women inspired to serve the nation as responsible citizens, diligently passionate learners and honestly seeking opportunities to serve in loving people and God as the love themselves. We are intentional to offer a practically relevant but low-cost training as our life-time investment in the life of next generation leadership.

What we strive for?

With God-given vision to have a value-based university, we are equipping new generation leaders, well-educated, hardworking, and patriotic responsible citizens with sacrificial characters. We focus on educational excellences by engaging students through new strategies to attain their educational goals. We are developing a learning center with a quality teaching initiative, professional development, integrated technologies and by providing accurate, value-based information foreseeing a *Pleasant, Peaceful & Prosperous Nepal!*

Whom we Serve?

We are committed to provide high-quality, affordable and accessible higher degrees to most deserving young people from a remote, lacking, backward and persecuted background, who cannot afford higher education for themselves, are our first priority.

The Scholarship Program...

We are pleased to share with you about this scholarship scheme under *Shalom Educational Foundation*. This is to complement the vision of the leadership team at Nepal Korea International College (NKIC) which formerly was known as Maranatha Mission College, to help the deserving young people to receive grant for graduate degree. They are given a lifetime opportunity to be trained at one of the best Christian Educational Institutions in Nepal, where the students are given space to peruse in Biblically sound theology and state university recognized secular subjects.

The students are given a three-year-and-half (40 months) residential study program with focus to music, computer and international languages. Most of them are preferably brought from far remote areas of the country where there no or having least opportunity for higher education due to geographical difficulty and lack of financial strength of the family. Otherwise, they would follow the trend that most of the young generation just give up the studies and seek for job overseas, which has taken multitude of young people to foreign countries for cheap labor.

... An Appeal to you!

We appeal for your generous partnership with us to serve in the last Great Harvest of the Lord Jesus Christ in this country only by taking three steps:

Pray with us...

This is the greatest investment a God-loving man and woman in this earth can do is to prayerfully invade over the lacking, bondage and seized opportunities. Shall you pray with us as we are working to multiplying His disciples to His Kingdom expansion and transforming the Nations!

Volunteer with us...

You are invited to partner with us by sending someone or considering yourself coming here to impart the knowledge and skills to young people. There will be at least 5 months semestral teaching program in April or October you can sign up and serve with us physically.

Invest with us...

We humbly encourage you to put a maximum investment of your time, talent and treasures to mainly in the life of young leaders – Scholarship. And also, into budding infrastructures towards seeing a value-based university in near future. Thank you!

Partner with us to Achieve the Financial Goals 2025:

- a. Scholarship Funds US\$ 7 Millions
- b. Preliminary Investment towards University (Purchasing Land & Building Structures)
